			\$ _____

### May we make condoms available at the engagement? Yes / No

Committed, knowledgeable, accessible and unbiased volunteers and/or staff of Planned Parenthood Ottawa will deliver the above requested programming as documented. If there is a need to change the details of the agreement, please provide 14 days (Fourteen) notice so that your request can be accommodated. In the unlikely event that circumstances prevent PPO from the agreed-to engagement, rescheduling will be available. If you purchased a discount package, all services must be scheduled within 90 (ninety) days from first service.

At all times there must be a member of the client organization's staff present. This ensures the protection of all involved and that the participants have someone they know to follow up with if they so choose.

If required, technical arrangements (P.A., electrical outlets, lighting, etc.) will be arranged with the Program Coordinator.

Thank you, your financial contribution supports the continued work of PPO in our community. Payment is due 30 days (thirty) from first engagement date.
